PREMIUM NFC SMART CARD STARTUP

FLUX Card

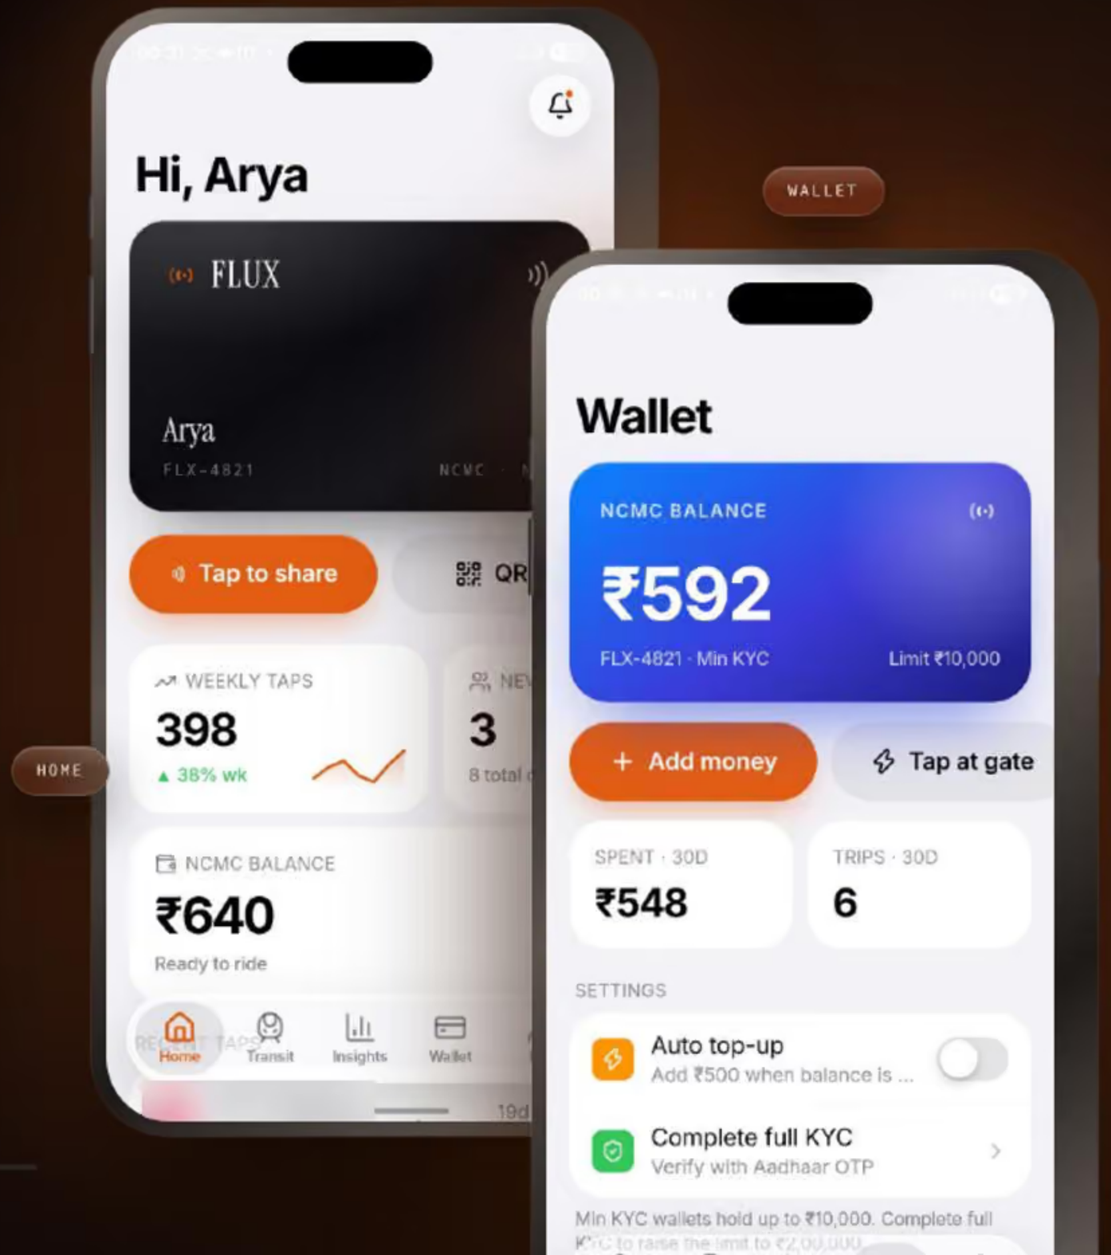

THE PROJECT

A premium NFC smart card startup.

I designed the website and the mobile screens, and built the website.

Forged, not printed.

316L stainless steel under a matte PVD coat, with the wordmark laser-etched rather than inked. Twenty-two grams that land on the table like a full stop.

02 — INTELLIGENCE

SaaS Profile: Analytics & Lead Capture.

See who tapped, when, and what they opened. Capture their details back, sync to your CRM, and turn a handshake into a tracked pipeline.
